1.	. What subliminal messages does popular culture send to you?		
	What do you do with these messages?		
	What does God want from you, and how do you know?		

2.	Why did God want His people to remain separate from the surrounding nations while living among them? What kinds of things might have been enticing about the other cultures and nations surrounding the Israelites in Canaan? Do you think God still requires us to be separate from popular culture today? How can you witness to others while being separate? (See Deuteronomy 14:2; Rev. 18:4; 1 John 4:4-5.)

Are some sins worse than others? How do you know? Does the severity of sin change? (Or has it changed over time? Are some sins seen as less evil now than they might have been 100 years ago? Why? Is this justified?) What does sin do to us? (See Ezra 9:1–15.)

3. How do you respond to sin?
